In late 2002, a small group of Realtors got together to form the Sanctuary Fund under the auspices of the Community Foundation. Their goal was to catalyze, organize and maximize contributions from the real estate industry to help provide shelter and transitional opportunities for homeless families and children. Hundreds in our industry along with many gracious clients have joined our ranks in the last two years, The Sanctuary Fund has awarded a major grant (\$100,000) to the construction of the Family Shelter Facility as well as supporting grants to Families in Transition, Pajaro Valley Shelter, Walnut Avenue Womens Center and Above the Line.

Take a few minutes out of your day and join us because...as real estate professionals....Home is where our Hearts Are!
